

Being Crystal Clear With You All:

You have the RIGHT to experience feelings within you.

You have the RIGHT to meet your own feelings.

You have the RIGHT to express your feelings on your own personal page about what is taking place within you regarding what took place on Saturday with Iran.

You have the RIGHT to formulate your own opinion based on what you are gathering from the resources you are accessing.

You have the RIGHT to dive in deeper and learn more.

BUT LET ME share this with you:

UNLESS YOU WALKED IN MY SHOES, being an Iranian who lived and experienced the 1979 Revolution, as well as the Iran/Iraq War, then migration — and having experienced that level of insanity of the extreme Islamic Republic of Iran and what it did to my family and to the families of thousands and thousands — and why WE ARE CELEBRATING the END OF 47 YEARS OF Suppression, Oppression & Depression of not just its people, but the WOMEN who have been forced against their WILL to be silenced and so much more — YOU DO NOT HAVE THE RIGHT TO EXPRESS ON MY PAGE, or any other IRANIAN PERSON'S PAGE, your opinion of how we should feel and why. Simply because you do not have a direct knowing, and you will never know what we have experienced and what our families have experienced — and what the ones who are still there have endured, whom we have not been able to speak to for weeks as internet and phons have been shut down.

I AM expressing from my lens.

Giving voice to the voiceless.

& sharing that my point of view is not about war, but an end to an internal war that had been suppressed by media for far too long — and that has finally been brought to the LIGHT by the power of the young generation OF BRAVE WOMEN and the use of social media that has brought about the necessary change (not just for Iran, but for all countries that have been expressing this level of oppression). I can speak so much more on this on another post as this is far more than us being wiped out of history books, or being grouped with the Extremists Islamic Republic folks, it is about the brutality of that level of Abuse of Power of their Fanatic Male with the sever harm not just on their own males, but women and children that is far more horrific.

I KNOW my positioning in this time, and I AM doing my part.

I AM NOT here to gain followers.

Neither AM I here to promote violence or war.

I AM NOT here to speak of politics between the two-party systems.

I certainly do NOT also have the answers.

I AM on my personal page here addressing that CALL OF CLARITY from the lens that I AM seeing through and KNOWING that this end is a NEW BEGINNING as one is dismantled & the messy middle takes place until the New Forms Into Place.

Yes, it will take time.

Many steps ahead, and I AM HOLDING THE VISION OF VICTORY, GLORY & TRUE DIVINE BEAUTY that God ALMighty has ordained with other Vision Holders in this NOW as there are many of us CALLED to Unleash The Higher Vision So It Becomes.

Yes, there are casualties, & that truly hurts — it is not ignored — and with my ministry, together with my Members, I AM in prayer for us, them, as well as every one else, while choosing to embrace forgiveness.

I AM also holding the people who are hurting over their leader transitioning in my heart, which is challenging — yet I AM, because I have deep understanding, while HONORING THE TRUTH OF THIS MOMENT OF CHANGE OF TIDES. I Am also praying for the other countries impacted.

Note that I AM also very well aware of possible hands of negotiation behind the scene for taking over the oil of Iran. Majority of us Iranians are well aware of this, yet OUR FREEDOM is far more important after nearly 1/2 Century, than again the oil of Iran being touched.

I would like to give deepest GRATITUDE for the overflowing amount of messages, texts, and comments on the posts from Saturday as we took to the streets of Georgetown in Washington, DC, with my spouse [Michael Abramson](#)— who is of Jewish descent with family residing in Israel — and my cousins, [Tara Nesva](#) and [Ayda Nesvaderani](#), to come together and walk with the People of Iran in Washington, DC, who came out to celebrate this moment in this NOW — that for the first time in 47 years, the people are taking a breath of relief.

We do not know what is before us, yet I HAVE FULL TRUST AND CONFIDENCE IN THE HIGHER POWER that has resurrected the Ancient Persian Culture — and there is a RISE on our Planet Earth all across — so I AM IN CELEBRATION OF THE GREATER VISION that is the LIVING CHRIST from the ETERNAL LIGHT OF GOD ALMIGHTY that is uniting people all across Earth. This is where I AM speaking from — not here to convert anyone, nor argue with anyone — simply HONORING MY CALL in this NOW.

Iranian people being spread out all over the world through migration is part of the DIVINE PLAN, and it is in this NOW that we are witnessing the massive shift in the Middle East that started a few years ago — to fully WELCOME THE GREAT FUTURE THAT HAS BEEN ORDAINED and WILL BECOME — that is FREE, ALIVE, and BLESSED for the entire world.

I THANK the USA with ALL MY HEART and LOVE as I AM An American Iranian and I LOVE this country with All Parts of Me and its Ancient Roots of THE AMERICAS.

With All My Heart,

In Gratitude of this NOW,

[Rev. Honi Borden](#)
